

Erie County Government

**Erie County Government was one of the “founding fathers” of the Labor-Management Healthcare Coalition.
Membership began in November 2003.**

Labor and Management worked together for approximately 18 months in an attempt to cut their current healthcare costs and control the increasing annual rate hikes. The various Unions representing Erie County employees, designed a platform benefits which are now offered by the Coalition to all groups. The Value, Core and Enhanced plans are available to active employees. Also through the Labor and Management efforts, retiree plans were designed to meet the needs of all-age retirees, living in and/or out of the Western New York area.
