

# Terrace View

## LONG-TERM CARE FACILITY

The membership of ECMCC and Terrace View (formerly known as EC Home) began on November 1, 2003 as a part of Erie County Government.

The Erie County Medical Center Corporation was intimately involved in the initial development of the Labor-Management Healthcare Coalition.

Effective August 1, 2006, ECMCC carved out of the County's group and became an independent entity with the Coalition.

Julia Culkin-Jacobia, Chief People Officer and Beth Moses, RN, Labor Relations Representative of New York State Nurses Association represents ECMCC on the Board of Directors.
